

Dear Customer;

On behalf of IFTC, we would like to take this opportunity to welcome you as a new customer. Before conducting your trainings in our simulator center, we would like to ask you to take a few moments to read through this document in order to make sure your training requirements are commenced smoothly.

Aircraft Configuration

We kindly request your aircraft engineers to fill out the applicable form in order to have our simulators configured in accordance with your fleet configuration:

- [A320 Aircraft Configuration Form](#)
- [B737NG Aircraft Configuration Form](#)

Airports

We need ICAO codes of four mostly used airports which will be prepared prior to your training sessions. This will enable us to create user account and our simulators to be ready.

Safety Briefing

Your safety is our priority during your training in IFTC. In order to ensure your training are conducted in a safely manner, please make sure to provide the applicable safety briefings to your pilots. Our technicians will be ready to give verbal safety briefing before your session upon request.

- [Istanbul Simulators](#)
- [Antalya Simulators](#)
- [Cabin Emergency Evacuation Trainer](#)
- [Real Fire Fighting Trainer](#)

Instructor Operation Station (IOS)

The links below are prepared in order to communicate the IOS functionalities to your instructors, which can be accessed offline.

- [A320 IOS \[58 MB zip archive\]](#)
- [B737 IOS \[53 MB zip archive\]](#)

and the User Manuals of our training devices:

- [A320 Simulators' User Manual \[7 MB zip archive\]](#)
- [B737 Simulators' User Manual \[7 MB zip archive\]](#)

Online Information of the Simulators

Please find below the links regarding information that is required by your airline before starting training in IFTC, this includes certificates and the latest EASA evaluation.
